Dear Paula, You are my inspiration. You are making a BIG change in the world because of what you're doing and how you are inspiring kids. You are my hero.
- Kasandra, 6th grade

I just want to thank you. I've been going through rough times. Middle school has been very scary. I went through a depression stage. I felt like I didn't matter. There were times I thought suicide was the answer. When you came to our school I was so inspired. You made me see the world/life in different perspectives. Now I feel like I CAN accomplish my dreams. Thank you for everything.
- Lupita, 6th grade

Today something started at our school. We are going to get on the Right Road! We're going to help the world become a better place. Thank you for all you do to help children be on the Right Road, Miss Paula! We all believe in ourselves now!
- Jose, 4th grade

I appreciate your bringing Right Road to my school – we need you! You are an inspiration and a hero! Thank you for being the "light" that is missing in education!
- Kim Lopez, Instruction Specialist

I still – to this day – use Paula's "blue" example with the water, dye and bleach to talk to kids about how hurtful words can be and how hard it is to erase the damage. I love Right Road Kids!
- Sadie Stolla, teacher

I have many goals for myself – being a physicist, an astronomer and world leader. I know my goals are high, but I will achieve them. I will help everyone's life be better. I will make a difference. And you brought me and gave me hope.

My son was at an assembly you did today. He was so blessed by everything you shared and had to say. Thank you for your energy into giving kids something positive.
- Mrs. Grijalva, parent

You're the best thing that ever happened to me. I had a lot of "blue" inside me for a year because my brother passed away. Today, you made me feel special and all the "blue" is gone now. Thank you for everything you have done for me.
- Prscillia, 5th grade

One of the things I like about you is that you help kids, encourage kids, and actually listen to kids. Thank you, Paula. I will forever and always remember you. I'll always be on the Right Road!
- Jazmin Z., 4th grade

I really wanna thank you for helping me understand things because my parents are divorced (like yours). My dad's in jail and I don't know where my mom is so I live with my grandparents. I drew this pitbull because a lot of them go thru a lot like you did (L.A. Riots) but they come out amazing like you! Thank you so much!
- Danny, 5th grade

Thank you for being a part of my education. I was involved in your classroom programs in 6th grade. You are a great teacher. I am writing to let you know of my plans to attend Ventura College in the fall of 2013. Thank you for continuing to help me expand my horizons with a Right Road college scholarship!
- Jesus, age 18

While cleaning out my 14 year old's room, we found a note you wrote her. Her face lit up remembering how special you made her feel! Now it's our turn to help. We were blessed by Right Road and want to send you a gift card so you can keep giving! Thank you for all you do!
