Dear Paula, You make everybody feel special! Including me! I always felt weird without my mom living with me, but you inspired me and helped me with my biggest problem. I want to thank you for everything!
- Kayla, 5th grade

I truly appreciate the work you have done for us. I was being bullied by 3 kids and I realized that you were right. I used what you said and it helped. If it wasn't for you, I would still be bullied. Thank you so much. I will take what you said through my whole life. You should continue helping people like you helped me.

A former student came to my class today to tell me he's still on the Right Road! He has worn the "I'm on the Right Road" wristband you gave him every day since you gave it to him last year. I LOVE the impact you have on our kids!

The pencil I got from you is the only one I have. I'm happy that you care so much about children. If you weren't here, everyone would be having dangerous things happening to them. You help everyone and that is really something. I want to be like you when I grow up.
- Rachel, 3rd grade

I want to personally thank you for the caring letter you sent to my daughter regarding the friendship trouble she was having. Your thoughtful words and support were incredible. You reached her in a way that was beyond what a parent could do. Thank you for truly caring about the character of our kids.
- Kathleen Phipps, parent, CA

Thank you so much for the college scholarship. I truly appreciate it. You visited my classes at Kamala School often during my 4th-6th grade years. You said when I graduated high school I could contact you for a scholarship. I graduated with all A's and B's and 20 extra credits. I'm starting college now, but my mom lives far away so I'm pretty much on my own. And you really did what you said. God bless you.
- Breana, college student

A lot of the girls at my school liked to talk about gossip and mean things about other people. I was crying myself to sleep – until you taught us to stand up for ourselves. Now I am confident. Thank you.

I love how you taught us to stay calm. I used to get mad a lot. Then when you did the assembly, I got an image... me yelling at my sisters. This was because I remembered all the bad things I had done. Now I see myself as a loveable girl and I don't get mad as much. Thank you for everything!
- Natalia, 5th grade
